DIE & FIXTURE

*Designing and manufacturing
precision equipment for the
tool and die industry since 1977.*

**Builders of
Quality Tooling for
Quality Products**

Marion Die & Fixture has been designing and manufacturing precision equipment for the tool and die industry since 1977. We are located in an 18,000 square foot facility. Our design department consists of five CAD stations, utilizing Autodesk Inventor and KeyCreator Software.

Industries Served Include:

- Agriculture
- Appliance
- Automotive
- Furniture
- Garage Door
- HVAC
- Lighting
- Metal Building
- Solar
- Other

Machinery in Facility:

- Johnford CNC Bridge Mill
122.00" x 70.00" x 42.00"
- Mori Seiki CNC Vertical Mill
40.00" x 20.00" x 20.00"
- Mori Seiki MV-40 Vertical Machining Center
(2) 31.00" x 16.00" x 20.00"
- Toyoda FV 180 Vertical Machining Center
63.00" x 31.50" x 31.50"
- Charmilles Wire EDM Machines
(1) 31.50" x 21.65" x 20.07 (2) 21.65" x 13.77" x 15.75"
- Okamoto Precision Surface Grinders
(1) 60.00" x 24.00" x 18.00" (1) 24.00" x 12.00" x 10.00"

Types of Dies Produced:

- Cutoff
- Draw
- Emboss
- Form
- Louver
- Perforated
- Pierce
- Progressive
- Turn-Key Hydraulic Press Systems
